**Step into the world of real archaeology!** In this four-day hands-on dig, students ages 10–14 will excavate at an actual dig site, catalogue and organize their findings, and present their discoveries to the public on the final day – just like professional archaeologists.

## What budding archeologists will experience:

### Real excavation fieldwork

Dig at a real site using professional archaeology tools and methods, supervised by an actual archeologists.

### Special museum speaker

Hear from a special guest speaker about the Newaygo County Mastodon discovery.

### Public presentation skills

Learn skills and build confidence presenting findings to a live audience of family and community.

### Award ceremony

Every camper is recognized at our Thursday afternoon public ceremony with a take home certificate.

## Thursday Afternoon : Public Presentation & Award Ceremony

**Families and the community are warmly invited to attend.
